OPPORTUNITY TO INVESTIGATE

Commissioners Urged to Require Public Institutions to Use Standardized Milk.

The District of Columbia should not

maintain as a public institution the Nathan Straus milk laboratory: The public health and marine hospital service could take over the plant and thereby have a splendid opportunity for investigations with a view to making a practical demonstration of the value of pasteurized milk and modified milk as food for infants; The Commissioners should insist that inmates of foundling asylums, hospitals and other institutions under the District's care should be furnished with milk coming up to the standard set by the milk conference of 1907; The health officer should publish a list giving the average rating of dai-

Opinion of Committee.

These are the principal points of the decision of the committee appointed by the Commissioners to offer advice as to whether or not the District of Columbia after January 1, 1911, on which date, it the plant. The wisdom of maintaining it as a municipal charity, in view of the fact that Congress has to be approached

The report was submitted to the Commissioners today. At the same time the Commissioners sent to Charles D. Norton, secretary to the President, some information as to the cost of running the plant. It is understood that the President has been asked to consider having some branch of the government take over the

The information sent to the White months the cash receipts were \$2,619, for wagon, got a crowbar and used it with cluding rent, etc., was \$5.975, leaving the cost of operating laboratories for six The report to the Commissioners opens with the statement that the generosity of Mr. Straus has served a most useful pur-

be continued by some one until provision can be made for providing an ample and the direct supervision of the health department.

District Ownership Impracticable.

"In the judgment of the committee," the report continues, "it is not practicable for the District government to undertake the management of such a plant, which at all events could not be done without special authority from Congress and an appropriation made for the purpose. "It occurs to the committee that the proposal of Mr. Straus offers a splendid opportunity for the conduct of investigahospital service or the Department of Agriculture, with a view to making a prac tical demonstration of the value of pas teurized and modified milk as food for in-

fants. The authoritative settlement of this question would be of immense value, not only to our community, but to the en-"In the event that for any reason it is not possible to have the operations o the Straus laboratory continue it is be-

lieved by the committee that existing agencies, such as the diet kitchen, the Citizens' Relief Association, the Associated Charities and the Instructive Visting Nurse Society, should be encouraged by contribution of additional funds Pius were announced to the clergy of aid" to those cities seeking to adopt orto continue the splendid work which is the archdiocese of New York yesterday their physical upbuilding. Admits He Was Drinking. It is stated that more than 200 horses were in and about the shop awaiting their turn to be 'roughed' and the drivers had so much spare time on their hands that a number of them patronized drinking places. Johnson admitted he of self-defense, claiming Of nstein had a hammer in his hand at the time he struck Ofenstein on his head with a crowbar. Many of the drivers were anxious to get away from the shop with as little delay as possible, and in their anxiety to get their horses in ahead of others who were early arrivals several fights were

narrowly averted. One colored driver, it is stated, drew a knife and threatened to use it on another, who, he thought, was trying to get ahead of him. Threats made against John Ofenstein were communicated to him, but he never imagined he was really going to be attacked. Shortly after the blacksmith moved fatal effect. Ofenstein, who was shoeing a horse when he was struck, fell and was trampled upon by the animal, three of his ribs being broken.

Arrested as He Ran Away.

Detective Fortney prevented the escape safe supply of pasteurized and modified the latter had told their stories of the milk through commercial channels under assault, the jury held Johnson responsible Mr. Ofenstein was a native of this city He leaves four sons and two daughters

It is probable that the Catholic Knights of America, of which organization Mr Ofenstein was a member, will have charge of the funeral. Burial will be in Mount Olivet, cemetery.
